Hi - I just wanted to let you guys know just how much the radio station Air 1 has meant to me and my community. Air 1 provides us with a place to listen to good clean music that really ministers to us. It's been wonderful to have another choice and option in the music that's available to us. Please think about all the people who are being served by Air 1 and would lose this valuable source of inspiration if it is replaced by another station. Thank you for your time and we'll be praying that you make the right choice. May God continue to bless you all.
